

# ABC's Partnership with Spatially Health: Utilizing the EQUITY EQUALIZER™ PLATFORM for a Closed-Loop Referral System

January 5, 2024

TOGETHER IN HEALTH

ABC is thrilled to announce a strategic partnership with Spatially Health, leveraging their cutting-edge EQUITY EQUALIZER™ PLATFORM for the implementation of our innovative Closed-Loop Referral System (CLRS). This collaboration underscores our dedication to advancing our Health Equity Plan (HEP) by utilizing advanced technology and tailored solutions, ensuring a focused effort on addressing health disparities within our community.

## Key Components:

1. Precision SDOH Identification and Customized Recommendations:
  - a. Leveraging Spatially Health's algorithms in conjunction with completed SDOH screeners to recognize health barriers and provide intervention recommendations.
2. Community-Based Organization (CBO) Resource Database:
  - a. Building a comprehensive local CBO database for diverse resource accessibility, aligning with Spatially Health's community-centric approach.
3. Resource Coordination:
  - a. Utilizing the EQUITY EQUALIZER™ PLATFORM for efficient beneficiary referrals and transitions to essential resources.
  - b. Seamless collaboration with CBOs, health centers, and community partners facilitated by Spatially Health's dynamic platform.

## Stakeholder Involvement:

Engaging diverse stakeholders remains pivotal for the success of our CLRS initiative and partnership with Spatially Health.

- ABC Network Steering Committee: Providing strategic guidance for the seamless integration of Spatially Health's platform.
- Community-Based Organizations (CBOs): Essential partners integrated into the EQUITY EQUALIZER™ PLATFORM for expanded local reach.
- Community Workers: Key advocates in the field, ensuring personalized care through Spatially Health's innovative technology.

ABC's partnership with Spatially Health and the utilization of the EQUITY EQUALIZER™ PLATFORM represents a groundbreaking approach to addressing health disparities. By combining cutting-edge technology with community collaboration, we are poised to create a healthcare system that is not only efficient but also deeply equitable, ensuring improved health outcomes for all our beneficiaries.
